The signs of the time indicate that it is time to prepare for war. It cannot be said that war exists, although acts of war have been committed in several of the seceding states, especially by the troops of South Carolina, in firing upon the flag of the United States, floating over an unarmed steamer, in the harbor of Charleston. These are acts of rebellion. War will not actually commence, however, until such lawless acts have been resented by the general government, and a proclamation of the fact is made by the president, who is commander-in-chief of the army.

In view of the imminence of civil war it is considered the duty of the states to commence the enrollment of their militia, and the efficient organization and discipline of volunteer companies, so that in case they are called upon for quotas of men, they will be ready to take their places in the army of the nation. We do not understand that the state of Wisconsin is supposed to be new in sufficient danger to warrant the adoption of the measure proposed in our legislature. It is to aid the president in enforcing the laws and defending the capital of the nation, which is thought to be liable to an attack from an organized mob.

Wisconsin should do her part in this patriotic work of sustaining the national government. But there is a right way and a wrong way in attempting this duty. We should be careful, in the excitement of the occasion, to know exactly what we are doing, that the expense may not be greater than is necessary. It is just as proper to count the cost in this matter, as in any other; in fact, more so, as war is the most expensive duty of a government.

We are informed by a gentleman conversant with military affairs, that the raising of 6,000 infantry and two field batteries, as proposed by the senate bill, to place the state on a war footing, would cost \$400,000 to organize them, according to that bill; \$700,000 to organize and keep them in the field six months, and \$1,000,000 for one year.

If this estimate is correct, does the actual state of affairs warrant that expense? We think one twentieth of the first sum, properly used in inducing the formation of volunteer companies, would accomplish all that is at present demanded.

It appears by the adjutant general's report that there are in this state fifty volunteer companies counting 1,993, rank and file. With proper encouragement, could not these companies, with such other volunteer companies as might be formed, be placed in such a state of efficiency as to meet the demands of the present crisis without placing them permanently in the service of the state to be paid and equipped like United States soldiers?

It is worth while to make the enquiry, and we trust the legislature will adopt no plan which is not properly guarded. We much fear that the senate bill is not one of this kind, and that there is danger of a large expenditure of money without much benefit, with the prospect of a long list of military claims, for various kinds of service, to be settled by future legislatures.

EXACTLY TRUE.—The Chicago Journal says:—"The renegade christian makes the worst Turk"—and it is a fact that Northern Yankees turned slave-holders or slave-overseers, make just the worst kind of haters of the north and her institutions.

"The majority of the rampant fire eaters who edit southern newspapers and bluster in southern politics, are northern-born men, who betray the land of their birth for a mess of porridge. Our Boston cotemporary has applied to them the right name, by calling them 'abject wretches.' They are modern Judases, and as much worse than Benedict Arnold and Aaron Burr, as black is darker than brown."

WHICH ARE THE FRIENDLY STATES?—A resolution was reported to the Louisiana secession convention, in the form of an ordinance, recognizing the right of the free navigation of the Mississippi river and its tributaries by all friendly states bordering thereon, the right of ingress and egress through the mouths of the Mississippi by all friendly states, and declaring a willingness to enter into stipulations to guarantee the exercise of such right.

POSITION OF THE REPUBLICANS.—It is reported from Washington that a caucus of the republican side of the house was taken on the 22d inst., and eighty-two members expressed their determined opposition to all compromises under menace, as tending to demoralize the government and establish the Mexican rule in the United States, of rebellion against the will of the majority legally expressed. They pronounce under present circumstances at least, against amendments to the constitution, or the establishment of more slave territory, or the unsolicited admission of slave states. In this expression the eighty-two are unanimous. About a dozen republicans from various states declined to state at present how far they would go.

COMPROMISES BUST.—A letter from Springfield says that strong efforts are made by the few compromise men in the republican party to get Mr. Lincoln's endorsement to some such scheme as the border state resolutions. Mr. Lincoln holds it to be beyond his province to influence the acts of congress, and a violation of good faith to concede beyond the concessions of the Chicago platform.

The President's fast day proclamation only reached San Francisco on the day set apart for humiliation.

The banks in New York are nearly glutted with specie. They now hold \$36,000,000, with a prospect of further increase.

WISCONSIN LEGISLATURE.

CONDENSED FROM THE MADISON PAPER.

MADISON, Jan. 25.

Bills introduced.—By Sen. Phillips to authorize the formation of railroad companies, and to regulate the same.

By Sen. Maxon—to repeal the personal liberty law.

Sen. Utley gave notice that for the purpose of facilitating negro catching in Wisconsin he should at some future time, if at all, introduce a bill to repeal section 12 of chapter 7 of the book of Matthew, of God's revised statutes, which is clearly unconstitutional, as it conflicts with the fugitive slave law, and prevented all good Christians from participating in the glorious business of negro-catching and left it exclusively in the hands of the democracy!

Sen. Canning doubted whether we had the power!

The bill to guard against accidents from thrashing machines, as reported from committee of the whole, with amendments.

Sen. Gill moved to re-commit the bill for further consideration. Lost.

The amendments were then adopted, when Sen. Gill moved to amend by inserting, "neither shall such machines have spurs in the cylinders."

Sen. Egan thought the bill as it stood should meet with no opposition, and trusted the amendment would not prevail.

Sen. Cox thought it would make but little difference, as he did not know but that spikes and teeth were about the same.

Sen. Hazleton thought the spikes being seen would afford an additional guard against danger by inciting to caution.

Sen. Gill had been informed by Dr. Crane that he had amputated no less than three arms through being mangled by spikes in machines.

His wailing and shrieks in this matter, and to speak the truth, he had no doubt about its being properly within their province to make laws for such protection which could better be got by the men about machines being cautious.

Sen. Cole thought the protection of life from thrashing machines by law was just as necessary as on railroads, and he was in favor of the bill passing.

Amendment lost and bill ordered to a third reading.

Sen. Hazleton from judiciary committee reported in favor of the capitol extension bill. The bill was taken up.

Sen. Quinten moved to lay it on the table—lost, 29 to 4.

The bill was then ordered to be engrossed, printed and read a third time.

The following resolutions offered by Sen. Stewart were taken up:

Resolved, (if the assembly concur), That the following resolution, reported by a minority of the select committee of 33 in the congress of the United States, and signed by Messrs. Tappan of New Hampshire and Washburne of Wisconsin, reflects the judgment and sentiments of the legislature of Wisconsin, and that its views and patriotic conclusions are alone able to restore peace and perpetuity to our glorious republic:

Resolved, That the provisions of the constitution are ample for the preservation of the Union, and the protection of all the material interests of the country; that needs to be obeyed rather than amended; and that extrication from present difficulties should be looked for in efforts to protect and preserve the public property, and the enforcement of the laws, rather than in new guarantees for particular interests or compromises and concessions to unreasonable demands.

On motion of Sen. Virgin the first resolution was amended by striking out "are alone able," and inserting "are adequate."

Sen. Maxon moved to strike out the first resolution.

Sen. Gill said he should oppose the motion. It was known that Mr. Washburne had been a candidate before the legislature for U. S. Senator and had received a respectable vote in caucus and it might claim to be a defeat was owing to his position on the committee of 33, to refute that imputation and show our approval of Mr. W.'s position it was important that we should endorse the resolution.

The motion to strike out was lost, and the resolutions adopted—aye 23, nays 4; Canning, Egan, Quinten and Sweet voting negatively.

In the assembly the resolution of yesterday for \$6 worth of postage stamps to each member was taken up and adopted. Ayes 46, nays 42.

Mr. Riordan's resolution of inquiry in regard to printing in foreign languages was adopted.

Bills were introduced by Mr. Bradford, to publish the laws in a newspaper in each county of the state.

By Mr. Keogh, to amend chap. 151 of session laws of 1859 in regard to collecting demands against ships, &c.

By Mr. Cavenro, to amend sec. 19 and 20 of chap. 56 of revised statutes, in relation to religious societies.

By Mr. Gilbert, to amend chap. 123 of session laws of 1860, in regard to the payment of taxes on lands.

By Mr. Campbell, from the committee on claims, to appropriate \$100 to Moses M. Strong for attending upon the land grant investigation 61 days in 1858.

Mr. Carey submitted a minority report from the committee on privileges and elections on the contested seat of Mr. C. W. Humphrey, from the 3d district of Sheboygan county. The minority report asserted that the evidence clearly showed that Wm. F. Mitchell received a majority over Humphrey and the only foundation for the claim of the latter was a mere informality in the papers of the case.

The subject was on motion of Mr. Frisby made the special order for Wednesday next, after adjourning upon the land grant investigation.

The house went into committee of the whole, Mr. Chapman in the chair.

Mr. Messmore said there was some disagreement on points of order in the committee hitherto, and he moved that the committee rise and obtain the sense of the house on these points:

1st. Is it in order for the committee of the whole to report a bill back to the house with a recommendation that it pass?

2d. Is it in order in committee of the whole to appeal from the decision of the committee prevailed.

Mr. Graham moved that the chair decide the points and that, if desired, an appeal be taken from his decisions, which prevailed.

The chair decided both points in the negative, but added he would like the opinion of the house.

Mr. Messmore appealed from the decision of the chair on the first point.

After some discussion the speaker's decision was sustained, the following members voting in the negative: Atwood, Bear, Betts, Clark, Combs, Comstock, Ellis, Flint, Graham, Reed and Thomas.

The decision of the chair on the second point was unanimously sustained.

The house then went into committee of the whole. Mr. Graham in the chair, and a number of bills were considered.

The assembly adjourned.

The supplies of arms and ammunition for the south have been cut off in New York.

Judge Smalley's charge to the grand jury has opened the eyes of the people and alarmed the southern agents, who have taken to headlong flight.

REPORTED FOR THE DAILY GAZETTE.

WASHINGTON, Jan. 27.

The rumor was rife here to-day that Gen. Scott has received new intelligence relative to designs on the capitol of secession invaders, which causes him much anxiety.

Judge Robinson, who was dispatched to the southern states by Virginia, to induce them to keep the peace, telegraphs that if the Brooklyn be bound for Pensacola, his mission will prove a failure.

The grand jury has made three presentments of ex-Sec'y Floyd. 1st. For mal-administration in office. 2d. For complicity in the abstraction of bonds; and 3d. For conspiracy against the government. It is expected that the indictments will be ready for action of the jury to-morrow.

The senate special committee on the tariff report Wednesday.

The Morrill bill, after a close investigation, is pronounced to be excellent in principle and general arrangement. Nearly two-thirds of the items have already been examined carefully. No change of duties on iron is intended, though some schedules may be ordered to simplify the operations of the law. Efforts have been made to reduce duties on pig iron and steel, but without success. Woolens are to pay 12c per pound instead of 16c, as in the Morrill bill, which conforms to the rates on raw material.

The law on operation on the 1st of April, and the proposed modification of the warehousing system on the 1st of July, all the duties to be paid within 30 days after being entered. Merchandise for reshipment can be stored six months. It is estimated that this bill will produce a revenue of \$53,000,000 with average imports. The bill now contains a loan for \$21,000,000, which is intended to cover outstanding treasury notes.

This will be increased to \$25,000,000 in order to provide for objects of special legislation, and other items included in Mr. Dixon's statement of the condition of the treasury for the current fiscal year.

SAN FRANCISCO, Jan. 3.

The legislature met at Sacramento on the 7th. Don Pablo de la Guna, a native Californian of fine attainments, was elected president of the senate. He is a Douglas democrat, and was elected without a caucus nomination, receiving material support from the republicans, the entire Breckinridge vote and but four Douglas senators. This indicates a disorganization of the Douglas party. The assembly has not yet elected a speaker.

Gen. Denver and Mr. McDougal are regarded as the leading candidates for the U. S. Senate.

BALTIMORE, Jan. 25.

Gov. Hicks has appointed Hon. George Johnson, Aug. W. Hughes and W. T. Gould, Jr., to the office of the state printer.

A forced government loan is causing much excitement at Aspinwall and Panama. An attempt was made to levy an import duty on articles for railroad officials.

BOSTON, Jan. 25.

The Tremont Temple was closed by the Mayor last night, 5,000 people gathered in the vicinity, a majority of them believing it the rule of the trustees to get rid of the mob. The crowd broke up into parties, after waiting for two hours, and gradually dispersed. About two hundred proceeded to Wendell Phillips' residence, on Essex street, and threatened to clean him out.

The police prevented any attack and made several arrests. The colored population became greatly alarmed in consequence of the threats that a mob would visit their houses, but there was no such demonstration.

It is said that Mayor Wightman was informed that an organized attack by a strong force would have been made on the temple from the outside, had the convention re-assembled in the evening, and he therefore closed the hall, and decided that it should not be re-opened to-day. A large crowd gathered about the building during this forenoon, and the police were required to keep the street open for vehicles. The riotous demonstration is however at an end.

The anti-slavery society this afternoon re-elected the old officers. Edmund Quincy exonerated the trustees of Tremont Temple from blame relative to the proceedings last night, and pronounced Mayor Wightman of no consequence.

Convention then adjourned sine die.

The order offered in the house granting the use of our representative hall to the anti-slavery society was, after a warm debate, lost, 13 to 69.

The bill introduced empowering the governor to place the militia under orders of the sheriff of any county,

under application of twelve citizens for the suppression of mobs and to protect free speech, was referred to the judiciary committee.

WASHINGTON, Jan. 24.

Larry Anderson, brother of Maj. Anderson, will leave to-morrow for his home at Cincinnati. His efforts both in Washington and Charleston, were instrumental in producing the better understanding between Maj. Anderson and the South Carolina authorities.

A large number of leading republicans from various parts of the country have been here for several days. There is a great deal of consultation among the friends of the incoming Administration, the result of which may soon be developed.

Mr. Kellogg of Illinois returned from Springfield to-day, and from the fact that he expressed the opinion that the border state committee resolutions came nearer than any other plans to what the public exigencies require, this is deemed significant in connection with his recent visit to the president-elect.

Mr. Case of Indiana, of the committee, will report a bill appropriating \$60,000 for the relief of the sufferers in Kansas. Thaddeus Hyatt has proceeded thither with a view of exerting his influence in the senatorial election. The principal candidates are Messrs. Army, Pomeroy and Graham.

Steamship Arctic from Liverpool 16th, via Queenstown 17th inst., will be up at 4 o'clock.

WASHINGTON, Jan. 28.

Herald Correspondent.—I learn from a gentleman who had an interview with Mr. Lincoln at Springfield within the past week that the latter in discussing existing state of affairs, expressed himself as follows:

"I will suffer death before I will consent or will advise my friends to consent to any concessions or compromise which looks like buying the privilege of taking possession of the government."

The government, he said, has a constitutional right, because whatever I might think of the merits of the various propositions before congress, I should regard any concession in the face of menace, the destruction of the government itself, and the consent on all hands that our system shall be brought down to a level with the existing disorganized state of affairs in Mexico, but this thing will thereafter be as it is now in the hands of the people, and if they desire to call a convention to remove any grievance, complaint or to give us guarantees for the permanence of vested rights, it is not mine to oppose.

In this conversation Mr. Lincoln urged no objections to the border states or Rhode Island propositions as a future basis of agreement if the republicans as a party desire it. The most intense excitement exists in certain congressional circles in consequence of the fact leaking out that the Howard select committee of the house has positive evidence before them of a conspiracy existing in this city and vicinity to overthrow the government in which certain prominent officials and citizens of Washington were implicated.

House.—Mr. Rice presented a petition of 14,000 citizens of Boston, of various political opinions, asking for a peaceable adjustment of our national difficulties. The committee to whom it was entrusted ask it to be presented to the house, which was accordingly done. The petition was wrapt in an American flag, and its presentation caused applause on the floor and in the galleries. The Boston committee were in the galleries during the proceedings.

The petition was laid on the table to be printed.

John Cochrane introduced Mr. Bigler's proposition for taking the sense of the people of the several states on certain amendments to the constitution. He said he would be willing to send it to any committee suggested, though it could be assured they would not struggle it. Referred to a select committee of five on the president's special message.

Mr. Campbell presented the resolutions of the Pennsylvania legislature, expressing ardent attachment to the constitution, and pledging the support of the state in such a manner and to such an extent as may be required for the maintenance of the laws, etc. Laid on the table and ordered printed.

Mr. Florence presented a joint resolution proposing amendments to the constitution. He wanted to pass it to-day, as there was a necessity for doing so immediately for conciliation. Referred to a select committee of five.

RICHMONT, Va., Jan. 27.

Intelligence has reached here that previous to the passage of the Georgia ordinance of secession, Harrison W. Railey, a prominent citizen of the mountain region of that state proclaimed in another portion of Ga. that he was on his way home and intended to raise a party and take possession of the U. S. mint at Dahlagon, Ga. for the U. S. government in case Georgia passed a secession ordinance. This declaration caused considerable excitement in Milledgeville and the governor was requested to send a military force to Dahlagon; on the same authority as the above, we learn that there is a considerable number of elements in the mountains of Georgia and an anti-secession meeting was held in Piekens county, when they heard of the passage of the secession ordinance. The stars and stripes were run up and the demonstration of resistance to secession were unequivocal.

The impression however was at Milledgeville that the people of Georgia will generally sustain the ordinance of secession and co-operate in the foundation of a southern cotton states republic.

NEW YORK, Jan. 28.

A Constantinople report of Dec. 31st, in the world, records the utter ruin of the Persian army of 5000 strong, by a strong force of Turks. The greater part being killed and taken prisoners. This may, perhaps, cause the overthrow of the Persian dynasty.

[Special Despatch to the New York Herald.]

SPRINGFIELD, Jan. 27.

It is now positively settled that Mr. Lincoln will depart for Washington on the 12th of February. He will go hence via Lafayette to Indianapolis, where he will receive the hospitalities of the Indiana legislature; hence he will proceed by way of Cincinnati to Columbus, Cleveland, Buffalo and Albany.

From Albany he intends to make for Harrisburgh, thence to Baltimore, and then to the federal capital; but the tour to New York and Philadelphia is not impossible.

Arrangements for special trains all the way through are making. No military escort will be accepted. The entire journey is expected to be made inside of ten days.

WASHINGTON, Jan. 28.

SENATE.—Several communications were presented from the department of the interior.

Mr. Seward presented a petition from the citizens of N. Y., against legislating or giving any protection to slavery in the territories, also a petition of 7000 citizens of N. Y., praying for some adjustment of the difficulties.

Mr. Douglas introduced a bill amendatory of the act of 1793 and the act of 1850 in relation to fugitive slaves; referred to committee on judiciary.

Mr. Gwin presented the memorial of Mr. Roberts, secretary of the Pacific R. R. convention held in California, transmitting proceedings of the convention and the present state of affairs and moved the passage of the B. R. bill.

Mr. Wilson presented the petition of Mr. Davenport and others of Newburyport Mass., in favor of a speedy passage of the Crittenden resolutions.

LOCAL DEPARTMENT.

Synopsis of Saturday Night's Telegraph Report.

There was an exciting debate in the house, on Saturday, on Mr. Grow's resolution to enquire whether any secret organization existed hostile to the government; and whether any government officers are members thereof. The southern members resisted it to the utmost, but it was adopted under the previous question.

Advices from different parts of the state of Missouri indicate a union feeling and that the convention will be filled with conservative men.

The Crittenden measure has been endorsed in the lower house of the New Jersey legislature, and nine commissioners appointed to meet other states at Washington.

The underwriters at St. Louis have placed an embargo on all steamers for the Ohio or southern points.

Five or six thousand workmen held a meeting in Philadelphia, and passed resolutions in favor of the Crittenden plan of compromise, or some other measure to be submitted to the people; and if the members of the present congress cannot agree upon any terms, that they ought to resign.

Returns from Texas indicate an overwhelming majority for immediate secession. The ordinance for immediate secession has been adopted by the Louisiana convention—yes 113, no 13. The convention adjourned to New Orleans.

CHANGE OF TIME.—For change of time on the Milwaukee and Prairie du Chien Railway see new advertisements.

THE WRONG MAN.—In our report of the business of the city council last Friday evening, we stated that Ald. Pease intimated that he desired some change in the city charter. It was Ald. Pease and not Ald. Pease who should have been so reported.

ATLANTIC MONTHLY.—This sterling magazine for the month of February has just been received. We always welcome its arrival and prepare to enjoy a solid repast of good things from among its various articles. It is plain and outspoken, and does not hesitate to give even the secessionists a good overhauling. Its leading articles for February are "Our Artists in Italy," a pleasant story entitled "Knitting Sale Socks," "Soup-paugh" a queer article, a poem of "Cobbler Kuz's Vision," "Lady Byron," "A Dry Goods Jobber in 1831," "The Old Homestead," "The Professor's Story," "The Great Lakes," "E. Pluribus Unum." Closing up with reviews and literary notices. We send the Atlantic and Gazette and Free Press a year for \$3.50. Dearborn and Moseley have them for sale.

THE ladies of Trinity congregation are specially requested to meet at the residence of Mrs. Wood, to-morrow evening at 7 o'clock.

EXCHANGE.—The Tribune says that on Friday exchange was close in Chicago.—Selling at 55 1/2c.

POPULATION OF CITIES IN THE UNITED STATES.—The following table shows the population of thirty-five of the principal cities of the United States, by the census of 1860; also the population in 1850, the actual increase from 1850 to 1860, and the percentage of increase. The figures for the census of 1860 are obtained from various sources, and may be slightly changed by the official reports, though it is probable they are generally correct:

GEN. SCOTT BURNED IN EFFIGY.—Gen. Winfield Scott was burned in effigy on Saturday night last, by the students of the University of Virginia, amid repeated cheers for Toombs and the seceding states, and against for Maj. Anderson. A card was placed over the effigy, on which was written

"WINFIELD SCOTT, would be Dictator and Despot."

THE BALIZE PILOTS IN A TIGHT BOX.—Governor Moore, in command-in-chief of the army and navy of Louisiana, has issued orders to the Balize pilots not to pilot any American vessel of war over the bar at the mouths of the Mississippi, under the severest penalties. The order places the pilots in rather a tight box. If a vessel of war, bearing the American flag, should overhaul a pilot boat in the Gulf, the probability is that the pilot will have to go on board the vessel of war, or the pilot, boat and all hands will be sunk. When the pilot gets on board the vessel of war, the next probability is that his attention will be called to the yard arm, with the emphatic hint that if he does not do his duty faithfully he will have to dangle in the air. If this be not placing the Balize pilots in a tight box, we don't know what is.—New Orleans True Delta, 19th.

It becomes more than ever apparent that the \$500,000 of Indian trust funds, stolen by Bailey, are a dead loss to the government. The best legal talent decides that the bonds are like currency, and belong to innocent holders; and the attorney general of North Carolina has given it as his opinion that if the coupons are presented to the state treasury they must be paid.
